

Europe

Studies by the EU confirm what many has experienced; the safety of certified products exceeds by far the safety of products with CE declarations only.

Nemko offers a variety of European certifications to demonstrate that your product fulfils the strictest safety regulations by having third-party confirmation to give you easy access your markets.

Also – for some products a certification is still mandatory in Europe.

For information about the different certification schemes in Europe:

_[1]

[Nemko Europe Certification mark \[1\]](#)

Nemko Europe is a first of its kind certification service to back your mandatory CE marking of electrical and electronic products. For you, this solution represents a hassle-free route to lasting compliance with required CE marking Directives.

_[2]

[Nemko N-mark \[2\]](#)

Nemko's N-mark – your choice for Europe!

_[3]

[The GS mark provides you market access to Europe`s biggest market \[3\]](#)

Use the GS mark to secure a trusted and efficient market access to Germany, the biggest market in Europe.

_[4]

[ENEC certification \[4\]](#)

Nemko can issue a common European certification mark! ENEC certificates are granted to electrical equipment complying with the European safety standards.

_[5]

[Nordic certification service \(EMKO\) \[5\]](#)

The easy way to all Nordic certification marks.

_[6]

[Wheelmark \[6\]](#)

Nemko can help you with the complete maritime certification process within the areas of Fire protection, Navigation and Radiocommunication equipment of the always last amended Marine Equipment Directive 96/98/EC (MED).

_[7]

[Certification of medical devices \[7\]](#)

We deliver international CB certificates and EC-certificates for Europe for your medical devices.

_[8]

[CENELEC Certification Agreement \(CCA\) \[8\]](#)

Nemko can ease the work of getting national certification marks in Europe through the CENELEC Certification Agreement (CCA).

[9]

[CCA EMC certification \[9\]](#)

Customers which need an EMC certificate can select from different schemes provided by Nemko. International certifications like CB or CCA, or our proprietary certifications like Nemko EMC Mark or Nemko EMC Robust Mark.

[10]

[EX testing and ATEX / IECEx certification \[10\]](#)

Nemko provide services within testing and certification of Ex-equipment as a Notified Body via our partner [Presafe](#) [11]. Our services range from design review in the early stages of product development to international approval.

[12]

[Radio Equipment Directive \(RED\) \[12\]](#)

Nemko offers conformity assessment and type examination services to meet the Radio Equipment Directive.

[13]

[CE marking \[13\]](#)

Nemko can help you solve the process of CE marking.

[14]

[Attestation of Conformity \[14\]](#)

Nemko can make Attestation of Conformity (AoC) to attests conformity of your product to relevant directives.

[15]

[NS certification of non-electrical products \[15\]](#)

Nemko performs certification for non-electrical products. The certified products are entitled to carry the NS-mark showing conformity with relevant Norwegian Standards, which are harmonized with European Norms when available.
