

Eptech Seminar - Market Access for Wireless Products

Date:

Mar 9 2017

Time:

11:30 am to 12:30 pm

Place:

The Coast Plaza Hotel & Conference Centre, 1316-33rd Street NE, Calgary, AB T2A 6B6

Language English

The regulatory landscape is continuously changing. Find out how to gain Certification for your wireless devices around the planet. An overview of the requirements will be covered as well as how to plan and prepare your products and documentation for a smooth project with on time delivery.

This seminar will be relevant for all persons interested in marketing wireless products internationally.

Gilles Philion, Director of Sales Nemko Canada

Gilles has been working in the field of regulatory compliance since 1988. He specializes in regulatory requirements and market access for wireless devices.
