

ONE WORLD ◦ OUR APPROVAL

How do you ensure your products comply with the local energy efficiency regulations in a relevant market?

Nemko knows.

IS YOUR NEXT MARKET AFFECTED BY THE ENERGY EFFICIENCY REGULATIONS?

See www.nemko.com/ee

Regulations related to energy and environment are becoming an increasingly important factor in the global industry.

As a growing number of countries apply their own regulations to new products and components, the compliance process gets more complex. So how do you know your products comply before entering a new market?

Nemko knows.

Through our subsidiaries and a network of local partners, Nemko has profound and updated knowledge of relevant rules and regulations. With Nemko Direct for Energy Efficiency, we take care of all the practical details so you can get your product out to the markets.

A one stop shop

Nemko was one of the first companies in the world to offer market access services, and we remain one of the best in class. With our portfolio, we can offer you a one stop shop for your market access requirements.

Nemko has the local expertise required

Through our unique combination of local presence, international networks and bi-lateral agreements, we have provided market access for our customers for more than 20 years.

As part of our Nemko Direct portfolio of services, we currently cover more than 150 countries world-wide.

Nemko is focused, efficient and responsive

The standards and regulations affecting your products are changing at increasingly faster rates. At the same time, staying ahead of the global competition requires continuously shorter time-to-market. Delays in obtaining access around the world could be costly in terms of lost sales.

That's why you need a responsive and fast-moving certification partner like Nemko. We are a focused and specialised organisation of 500 highly skilled people with local and global expertise.

Our company is built on a culture that embraces the will to go the extra mile for our customers. That is why leading global players as well as smaller organisations describe us as one of the best in our class. Nemko has well defined procedures and work methods in order to make a complex task such as market access simple for you. We are fast and efficient, and we support your efforts to stay ahead of the competition.
